## I AM INTERESTED IN...

Check off anything that you would be interested in doing.

- STAFF WRITER** Writers will be the backbone of the news staff, you will investigate any interesting stories, interview peers and faculty, attend school events (plays, musicals, band concerts, football games), and writing about them. This role gives you the freedom to write about what you're passionate about.
- PODCAST WRITER** Podcasts are a growing trend in modern news telling, you will be discussing your stories through audio. This role includes planning, editing, and publishing your own podcast.
- GRAPHIC DESIGN** Graphic Designers handle any digital media, and handle lay-outing for our physical issues of the newspaper (examples are on our website under PDF Issues) which is taking the writers story and ensuring that they looks like a newspaper!
- PHOTOGRAPHER** Photographers will work side by side with writers to capture the moments relevant to current stories. Accompanying writers or independently going out to photograph events will make the bulk of this role, this also includes editing and uploading photos to the database.
- SOCIAL MEDIA COPYWRITERS** Social media copywriters will handle all things advertising and promoting The Telegraph, we have Instagram, Twitter, and Youtube at your disposal. You will write catchy lines to promote new stories or advertise events around the school you think need some shouting out!
